

Remarks

Claims 1-5, 7, 10 and 12-13 are pending in this application. Claims 1-5, 7, 10 and 12-13 have been amended. Claims 12 and 13 have been added. Claims 6 and 8, 9 and 11 have been cancelled.

By way of this preliminary amendment, claims 1-5, 7 and 10 have been amended and claims 12 and 13 have been added. These claim amendments and additions are being made solely for purposes of placing the claims in a format appropriate for U.S. prosecution. Applicants submit that the amendments and additions do not change the scope of the claims as originally filed. Such amendments and additions are therefore made to address formalities in the claim format and are not related to the patentability of the subject matter of the claims. No new matter was added by way of these claim amendments and additions. The subject matter of new claims 12 and 13 was disclosed in the application as original claim 10.

In view of the above amendments and arguments, this application is deemed to be in a form suitable for US prosecution.

Respectfully submitted,
